

WEATHERIZATION FINAL INSPECTION AND PARTNERSHIP AGREEMENT

I certify that the weatherization work as explained to me has, to the best of my knowledge, been completed and that I am satisfied with the workmanship. I also acknowledge the receipt of client education materials. Upon signing this agreement, I acknowledge that I may no longer be eligible for weatherization at this residence. I release the state of Utah, the local weatherization agency and its employees from all further responsibilities for the completed improvements providing problems with poor work quality or material defect are not discovered within one year

from today's date. If a smoke or carbon monoxide detector or set back thermostat has been installed, I assume all responsibility regarding battery replacement and testing as recommended by the manufacturer.

In return for receiving weatherization services I agree to do the following:

Read the client education materials left by the agency staff.

Have furnace filters cleaned or replaced at least every other month.

Where possible keep the thermostat at 68 degrees in the winter and at 76 degrees in the summer.

Where possible, turn down the thermostat 10 or more degrees at night or when away from the home for more than 2 hours.

During the winter, open all south facing window coverings on sunny days and close all window coverings at night to hold in the heat.

Make sure heating vents and registers are not blocked.

Have the coils on refrigerators and freezers cleaned at least once a year.

Use kitchen and bathroom fans to reduce excessive moisture buildup.

In the summer use natural ventilation and window shading to help cool the home.

Effectively use kitchen and other household appliances to save energy.

Be efficient in using hot water.

_____ Yes I have received help in paying my heating bills through the Home Energy Assistance Target (HEAT) Program sponsored by the State of Utah, Division of Housing and Community Development.
_____ No

I certify that all work ordered on the energy audit inspection sheets and to be reported on the Building Weatherization Report has been properly completed. All O&M's have been applied with exceptions noted in the client file, a proper and accurate energy audit has been performed which identified all applicable weatherization measures, and the final inspection was completed by someone who did not do any weatherization work on the home. Reasonable efforts have been made to identify possible or obvious hazards to the health and safety of the occupants and alternatives to minimize those potential hazards have been explained to the applicant. Any variations from the Weatherization Guidelines are to be documented in the client file or noted on the back of this form.
