

Utah Weatherization Program Notice

Effective Date 28 April 2014

UWPN # 2014-002

Subject: Annual Fuel Costs

Basis: Program Update

Purpose: As required by Section B9. 2. b. v. the State of Utah Weatherization Assistance Program is issuing the results of the annual fuel survey.

Scope: This program notice will affect all energy audits ran by the agency after the effective date.

Responsibilities:

Local Agencies –

- Adjust the fuel costs in the Weatherization Assistant energy auditing tool.
- Ensure that the agency is taking active steps to preserve the existing database information so historical audits will not be subject to these new costs.

State WAP Staff –

- Publish new Attachment # 16 Utah Fuel Costs

Note: Alternate fuels are now included on the same document.
